

# Stop H.R. 722: A National Abortion Ban

## Positive messaging for elected leaders who are doing the right thing

Hi, my name is **[NAME]**, and I'm a constituent from **[CITY]**, **[STATE]**.

I'm reaching out, along with a group of concerned voters called *See You Next Tuesday*, to thank **[TITLE] [LAST NAME]** for standing strong against H.R. 722 and any effort to impose a national abortion ban. Your leadership is essential in protecting reproductive rights and defending the principle that healthcare decisions should remain between patients and their doctors—not politicians.

Across the country, voters have made it clear: reproductive freedom matters. By opposing this dangerous federal overreach, you are standing up for state rights, constitutional protections, and the basic dignity of every person to control their own body and future.

We are grateful for your courage and commitment. History will honor those who fought to protect reproductive rights when it mattered most.

## Forceful messaging for elected leaders who are not doing the right thing

Hi, my name is **[NAME]**, and I'm a constituent from **[CITY]**, **[STATE]**.

I'm reaching out, along with a group of concerned voters called *See You Next Tuesday*, because I am deeply alarmed by **[TITLE] [LAST NAME]**'s support for—or silence on—H.R. 722 and the push for any national abortion ban. This legislation is a direct assault on reproductive freedom and a dangerous overreach that strips states and individuals of their rights.

You cannot claim to support limited government while endorsing federal control over the most personal healthcare decisions. Americans have made it clear at the ballot box—they do not want politicians interfering in their private lives.

History will not look kindly on those who allowed extremist ideology to override basic freedoms.
